Today is my first day receiving service from Bluescapes Lawn Care. Elijah went over what kind of services I can expect. He did a complete walkaround of the property focusing on areas that required extra attention. He was very professional and polite. My lawn looks great! Thanks again.

I contacted Elijah last minute to do yard cleanup, leaf removal and trimming. He arrived promptly the next morning and did a wonderful job for such a reasonable price. We were so pleased and would highly recommend him to anyone who needed yard service.

Elijah and his crew did great work for our yard. He even drove out to cover up the sod in anticipation of rain- after hours. He was always respectful and easy going. He went above and beyond to ensure that we were happy with his work. Give him a call.
